www.pmi-healthcare.com

Performance Management Institute (PMI) works with more than 20% of the Critical Access Hospitals in the country capturing hospital data around finance, operations, quality assurance and surveys. PMI partners with rural health networks to provide a data focused platform for networking and benchmarking. PMI offers CAHPS reporting for CMS utilization on Hospital Compare. PMI partners with Healthland to provide advanced reporting and comparative benchmarking to more than 500 rural clients. The PMI database is expanding every day to provide greater value to our current clients.

General Sponsor

The Texas Department of Rural Affairs is the Texas State Office of Rural Health, designated by the US Department of Health and Human Services. The agency's SORH programs serve 150 rural hospitals and benefit more than 3 million rural Texans. The agency's programs and services support Critical Access Hospitals, quality improvement, infrastructure improvement, rural health care practitioner recruitment and retention, and emergency medical services enhancement.

Healthland

Software and services from Healthland (formerly Dairyland Healthcare Solutions) empower small community hospitals to deliver the best possible healthcare by providing a central repository of patient information in all care settings. Specifically designed for rural hospitals, our solution equips customers with a tool that is uniquely suited to their size and needs.
